T&Y Japanese Language School's Vision: Improvement

Academic improvement

- Several of the teachers at T&Y Japanese Language School are Kanji (Chinese characters) scholars, and with our unique teaching method and materials, we aim to help students learn Kanji in a fun way.
- Our school considers the training of basic Japanese skills to be the first and most important issue. Focusing on the acquisition of communication skills, we strive to help students acquire listening skills and improve conversation skills through a communication-based curriculum.

Test score improvement

- The predecessor of T&Y Japanese Language School is Yoshinsha, a private tutoring school. Based on the abundant experience gained at Yoshinsha and our school, we provide guidance for students taking Japanese language exams, including JLPT, EJU and BJT, to help our students pass the exams with higher scores.

Cultural improvement

- Understand and acquire Japanese traditions and customs through a variety of hands-on learning experiences.
- There are many traditional Japanese art pieces, books, etc., in the school building that you are free to touch.

Career improvement

- The expertise in educational and employment advancement guidance cultivated by our predecessor, Yoshinsha, is incorporated into the curriculum, and we fully support the advancement of students to schools of higher learning and employment at Japanese companies.
- Our school provides guidance to students with a strong desire to find employment in Japan, and with the support of TOA, our parent company, and others, we will do our best to contribute to a bright future for students.

Education

1. **-High success rates:** JLPT, EJU, BJT, etc.
-High efficiency: Maximum use of lessons for setting goals
-Broad-based curriculum: By taking students out of the classroom through various hands-on learning experiences, we provide education that helps students adapt to Japanese society and also enhances the cultural aspects.
2. Students play the lead role! **Participatory class style**
We actively and thoroughly implement a participatory lesson style that encourages students to speak and think for themselves.
3. Unique **Kanji** (Chinese characters) education with distinctive features unlike other schools
Among the instructors of T&Y Japanese Language School are renowned kanji scholars, and we aim to make learning Kanji fun with unique teaching methods and materials.

Educational guidance

The predecessor of our school, Yoshinsha LLC, an individualized study abroad tutoring school for international students, had a good track record. Focusing on solid results and helping students realize their own growth, our school provides educational guidance such as one-to-one educational counseling, briefing sessions, vocational school courses, graduate school guidance, exam preparation courses and tours of prestigious universities.

Strengths of T&Y

BJTビジネス日本語能力テスト

Employment support

TOA Co., Ltd., the founder of our school, is a mid-sized company in Kansai (a region centered around Osaka) that has been active in a wide range of fields, such as the petroleum business, restaurant business, nursing care, retail business, and worker dispatch business, since its founding 70 years ago. For students who want to find employment, we provide comprehensive support, such as business etiquette courses, job hunting courses, BJT exam preparation courses, company tours, and employment visa guidance for international students.

Scholarship

T&Y Japanese Language School has a scholarship system that provides benefits to students who have excellent grades, attendance rates, and attitudes. If you are an aspiring student, we encourage you to utilize this system to enable you to concentrate on your studies.

Information on living in Japan

生活費/Cost of living

留学生が一ヶ月にかかるお金をシミュレーションしたものです。
Let's simulate the monthly expenses for an international student living in Japan.

住居費/Housing	33,000
水道光熱費/Utilities (electricity, gas and water)	6,000
医療、保険/Medical expense and insurance	2,000
食費/Food	26,000
趣味、娯楽/Hobbies and entertainment	6,000
その他経費/Other	7,000
合計/Total	80,000

※このシミュレーションは目安です。実際の生活費は学生によって変わります。
Notes: This simulation is for reference only. The actual cost of living depends on the individual student.

※入国する時には、生活費として少なくとも3か月~6か月分の生活費を用意したほうが安心です。
We recommend that you prepare at least 3 to 6 months of living expenses before coming to Japan.

独立行政法人日本学生支援機構JASSOが行った実態調査によれば、学費以外に外国人留学生の1か月の生活費の平均は80,000円程度でした。内訳は以下のようになっています。その他にも通学費や保険料等があります。

According to a fact-finding survey recently conducted by The Japan Student Services Organization (JASSO), an independent administrative institution, the average monthly living expenses required for international students in addition to tuition was around 80,000 yen. The breakdown is as follows. Please note that the following does not include commuting expenses.

T&Y日本語学校は、留学生のための寮を完備しています。料金は毎月20,000円(二人部屋)~50,000円(一人部屋)選択ができます。生活に必要な家具や電気製品はすべて備えてありますので、安心して快適な留学生活を送ることができます。
T&Y Japanese Language School has a dormitory for international students. The monthly fee is 20,000 yen (double room) or 50,000 yen (single room). The dormitory for international students is equipped with all the furniture and appliances necessary for daily life, so you can live safely and comfortably.

アルバイト/Part-time work

留学生は「留学」という在留資格で来日します。アルバイトをするため、「資格外活動許可書」を申請しなければなりません。パスポートと在留カードを添えて出入国在留管理庁に申請します。

留学生は1週間に28時間働くことができます(資格外活動許可の範囲内の業種)。

春季・夏季・秋季・冬季の各長期休暇中は、1週間に40時間まで働くことができます。

時給は地域と仕事の内容によって異なりますが、800-1200円が目安です。最大28時間働いた場合、1か月のお給料は89,000~134,000円くらいです。

International students who reside in Japan have "Foreign Student" status. Those who wish to work part-time must apply for the "permit for non-qualified activities". To do this, you must apply to the local Immigration Bureau and present your passport and residence card.

International students can work for 28 hours per week (limited to the industries within the scope of activities permitted). During the spring, summer, autumn and winter vacation times, they can work up to 40 hours per week.

The hourly wage varies depending on the area and type of work, but 800-1,200 yen is standard. Students who work up to 28 hours per week can expect to make 89,000-134,000 yen per month.

留学生は、次の点は特に重要です。

・「週28時間」は残業時間を含んだ時間です。

・勤務先が複数あれば全部の合計で28時間以内です。一社につき28時間以内ではありません。

アルバイトは少なくとも生活費の補助と日本の社会勉強のためですから、来日したばかりの学生は日本語学習に集中することを優先してください。

When working as an international student, the following points should be kept in mind.

・"28 hours per week" includes overtime hours.

・If there are multiple work locations, the total must be still 28 hours or less (not 28 hours or less per company or location).

Part-time jobs are useful for subsidizing living expenses and learning about Japanese society, but students who have just arrived in Japan should focus on learning Japanese first.

※T&Y日本語学校はアルバイトの注意事項、職場のマナー指導などのサポートも実施します。
T&Y Japanese Language School also provides students with support such as things to be aware of for part-time work and guidance on manners in the workplace.
